- 12. ADJOURNMENT

#### Meeting of the Vilonia City Council August 19, 2025

**Members present:** Mike Matos, Brady Zweifel, Joe Maxwell, James Firestone, Lacosta Beene, Steven Craig

Meeting Prayer: Led by Mayor Scroggin

Pledge of Allegiance: By all.

Meeting called to order by Mayor Preston Scroggin.

Established quorum.

**Approval of minutes for July 15, 2025, meeting:** Motion to approve made by Maxwell, seconded by Firestone, all in favor, motion passed.

**Approval of Financial Statement for July:** Motion to approve made by Zweifel, seconded by Craig, all in favor, motion passed.

**Fund Balances:** General Fund \$169,663.60, Street Fund \$350,863.54, Fire Department Fund \$58,762.12, ACT 833 Fund \$17,748.25, Park and Rec General Fund \$69,912.78.

#### **Reports of City Departments:**

- (A) Fire Department: Chief Jimmy Hoofman presented.
  - a. There is a Burn Ban in effect for Faulkner County.
  - b. Building Permits: 17 in July, 12 so far in August, Year-To-Date Total is 101.
  - c. Code Enforcement: none
  - d. Fire Department: Approximately 710 runs YTD.
    - 1) Training in the last month included Community CPR Class, Stress Management Training, Fire Attack and Hose Advancement Training, Ethanol Safety and Steel Drum Class, and Urban Interface Class.
    - 2) The Open House, originally scheduled August 2<sup>nd</sup>, has been rescheduled for Saturday, September 20<sup>th</sup>, 10AM to 2PM. There will be kid activities like bounce houses, fire safety information for the adults, with hamburgers and hot dogs.
- **(B) Planning Commission:** Next meeting will be August 28, 2025, at 7PM. The meeting will be preceded by a public hearing for three topics. Please see the agenda for details. At the July meeting, the Central Christian Academy building was tentatively approved. The potential development across from Bill Jones, where the Vilonia Treasure Chest is wanting to go, was tabled. We (Mayor and others) had a meeting Friday at 2PM with Mr. Berrier and his people. Current agenda items: see the Planning Commission Agenda for August 28, 2025.

- **(C) Police Department:** Chief McNew presented. Crawford has completed the academy, but has one more week of FTO. New officer McJunkins introduced; this is his third week on the job.
- (D) Sewer Department: Council Person Maxwell presented. Nothing to report.
- (E) Street Department: Mayor presented. Working on cleaning out ditches.
- **(F) Parks & Rec:** Mayor reported. Big turnout on Sunday for the benefit event. Received estimates on field work; they were very high, roughly \$110,000 for 2 fields. Director Shannon still looking for more affordable bids.

#### **Public Comment:** None

#### **Announcements:**

- (A) Quincy McKinney spoke on his declaration to run for the Fifth Division of 20<sup>th</sup> Judicial Circuit. He spoke on his history life, family, education, and work.
- **(B) Final payment made on property next to City Hall.** Mayor stated the City is basically debt-free, having paid off all property the only debt is the Sewer Bond.
- (C) City Hall Offices Closed Monday, September 1, 2025, for Labor Day.
- **(D) Department Recognition by Council Person Beene** This month she thanked the Court Department ladies, specifically Sherry Lee, Trisha Barnard, and Brandy Hillman.
- **(E) Vilonia Community Development Corporation:** Steven Craig presented. The Teacher Fair was this week at Frank Mitchell with the certified staff. Around 25 vendors.
- **(F) Vilonia Area Chamber of Commerce:** On behalf of the Vilonia Chamber of Commerce, President Jackie Fowlkes presented:
  - We participated in the Teacher Fair and gave away an iPad, which was won by Ms. Trina Atkins.
  - New ribbon cutting at Just Dance Vilonia.
  - Our monthly luncheon is this Thursday, August 21, at 11:30 at Simple Simons and our speaker is Wendy Orvis, a startup specialist with the University of Arkansas Little Rock and Arkansas Small Business and Technology Development Center.

#### Old Business: None

#### **New Business:**

- (A) Proclamation for Constitution Week 2025
- **(B) 2025-PDO-01 Ordinance for Building Materials** Firestone requested it be presented by Trey Foster (the author and city engineer). Motion to table until September meeting when author could be present to explain it made by Firestone, seconded by Beene, all in favor, motion passed.
- (C) 2025-PDO-02 Publication of Ordinances motion to read by title only made by Matos, seconded by Maxwell, all in favor, motion passed. Read by title only. Craig referenced a conversation with city attorney in which it was recommended three votes be made: first, to waive the second and third reading and read by title only; second, to vote to adopt the ordinance; and third, to pass the emergency clause. Craig stated the ordinance would require an amendment to add the fifth location for posting (the first four locations being Vilonia City Hall, Harps Food Store, Kieths Service Center, and Centennial Bank). Motion to waive second and third reading with the addition of a fifth location of First

Security Bank at 1137 Main Street made by Craig, seconded by Matos, voice vote called, all in favor, motion passed. Motion to adopt the ordinance made by Craig, seconded by Beene, voice vote called, all in favor, motion passed. Motion to adopt the emergency clause so the ordinance would go into effect tonight made by Craig, seconded by Beene, voice vote called, all in favor, motion passed.

Motion to adjourn made by Firestone. Meeting adjourned.

2025-PDO-01 1 2 AN ORDINANCE AMENDING THE BUILDING CODES FOR 3 4 RESIDENTIAL AND COMMERCIAL CONSTRUCTION WITHIN THE CITY OF VILONIA, ARKANSAS, DECLARING AN EMERGENCY, AND 5 PRESCRIBING OTHER MATTERS THERETO 6 7 8 WHEREAS, the City of Vilonia has the authority, responsibility, and obligation to ensure public 9 safety which from time to time requires amendment to the rules and regulations pertaining thereto, 10 and 11 12 WHEREAS, it has been determined that the need exists to amend Title 11, Buildings and 13 Construction, of the Vilonia Municipal Code to impart additional requirements on the construction 14 of residential and commercial structures; and, 15 16 WHEREAS, an emergency is declared to exist, necessitating the need for the additional 17 requirements to take effect immediately for the preservation of public safety, beginning with all 18 building permits issued by the City of Vilonia hereinafter the date affixed hereto. 19 20 NOW, THEREFORE, BE IT ORDAINED by the City Council of the City of Vilonia, 21 **Arkansas:** 22 23 Title 11, Building and Construction, Section 11.04.01 of the Vilonia Municipal Section 1. Code shall be amended with the following text: 24 25 (a) All wood-framed "stick-built" residential and commercial structures 26 constructed with 2"x4" (nominal) wood studs shall be constructed using a 27 maximum spacing of sixteen (16") inches center-to-center between studs and 28 all roof framing, stick-built or pre-engineered trusses, shall have a maximum 29 spacing of sixteen (16") inches center-to-center between trusses. 30 (b) For residential and commercial structures using 2"x6" or larger lumber for 31 roof framing, contractors may extend the center-to-spacing of trusses to a 32 maximum of twenty-four (24") inches. (c) All wood-framed "stick-built" wall sheathing and roof decking for residential 33 and commercial structures shall consist of 1/2" (nominal) plywood or oriented 34 35 strand board (OSB). 36 37 Section 2. Title 11, Building and Construction, Section 11.04 of the Vilonia Municipal Code 38 shall be amended to include subsection 11.04.14, Ductwork, with the following text: 39 (a) All trunk lines, constructed in attic space or above a typical drop ceiling, 40 within the heating and cooling system shall be rigid aluminum material for 41 residential and commercial construction. No "Flex-duct" or similar flexible

ductwork material shall be acceptable. The only exception being the use of

polyester, fire retardant fabric duct for use in areas where ductwork material

is intended to be exposed.

46	ductwork materials.
47 48 49	Section 3. Title 11, Building and Construction, Section 11.04 of the Vilonia Municipal Code shall be amended to include subsection 11.04.15, Electrical Cabling, with the following text:
50 51 52	(a) All electrical cabling used in commercial construction shall be metallic. No nonmetallic cabling will be allowed. Conduit is required as required by the latest edition of the National Electrical Code.

(b) Drops in ductwork, not greater than six (6) feet in length may use flexible

<u>Section 4.</u> Following adoption, this Ordinance shall be publicly posted in accordance with City Ordinance for posting of notices complying with Arkansas State Law. In addition, a complete copy shall be provided to anyone requesting a residential or commercial building permit for a period of one-year from the date of passage.

<u>Section 5.</u> The provisions of this Ordinance are separable and if a section, phrase or provision shall be declared invalid, such declaration shall not affect the validity of the remainder of this Ordinance.

#### **PROCLAMATION**

**WHEREAS:** The Pink Ribbon reminds us that breast cancer is the most commonly diagnosed cancer in women and the second most common cause of cancer deaths in women in the United States. When breast cancer is detected in the early stage, there is a 99% and 87% five-year survival rate for localized and regional female breast cancer, respectively. However, when breast cancer is detected when it is already spread to distant parts of the body, the five-year survival is 32%; and

**WHEREAS:** Many counties in Arkansas do not have fixed mammography facilities, and this creates a barrier for many women to easily access mammography, thereby possibly increasing their mortality rate; and

**WHEREAS:** Breast cancer knows no boundaries, be it age, gender, socio-economic status, or geographical location. Despite tremendous progress by research breakthroughs for breast cancer, more than 42,000 people still die of breast cancer every year in the United States; and

**WHEREAS:** It is estimated that in the United States, 316,950 women and 2,800 men will be diagnosed with invasive breast cancer during 2025, and approximately 42,170 women and 510 men will die of the disease. In Arkansas this year, an estimated 2,690 new cases will be detected and 400 breast cancer deaths will occur; and

**WHEREAS:** October is National Breast Cancer Awareness Month, and the first Friday of October is designated as Go Pink for the Cure Day to bring awareness of the importance of mammography and to renew its commitment to removing obstacles that prevent women from seeking mammograms;

**NOW, THEREFORE,** I, PRESTON SCROGGIN, MAYOR of the City of Vilonia, Arkansas, by virtue of the authority vested in me by the laws of the State of Arkansas, do hereby proclaim October 3, 2025, as

#### **GO PINK FOR THE CURE DAY**

Across the City, and I urge all of my fellow citizens to join me in helping to promote efforts for the prevention and treatment of this deadly disease.

**IN TESTIMONY WHEREOF**, I have hereunto set my hand and caused the Great Seal of the City of Vilonia, Arkansas to be affixed this 19th day of September, in the year of our Lord 2025.

Signed:	Date:	
Preston Scroggin – Mayor	,

#### Overview - What is Act 925 of 2025

In the 95th General Assembly Regular Session of the Arkansas State Legislature a Bill was enacted that modified Arkansas Code Title 14, Chapter 239 to add Subchapter 1 - Oversight of Wastewater and Sewer Retail Providers. The purpose of this Bill is to amend the law concerning retail wastewater and sewer providers and related service, and for other purposes (See Appendix A for full text of Act 925 of 2025).

The Arkansas Department of Agriculture, Natural Resources Division (NRD) will be responsible for compliance oversight implemented by Act 925. Formal rules have not been provided at this time, but the rules are expected to mirror those of rules implementing Act 605 of 2021, as amended by Act 545 f 2023. The following categories of rules are to be adhered to (See Appendix B for text of Rules Implementing Act 605);

- 1. Requirement to establish Refurbishment and Replacement Account(s)
- 2. Requirements of Rate Studies for Retail Water Providers
- 3. Determination of Fiscal Distress
- 4. Miscellaneous
- 5. Requirements for Training

**Background** (Source - Arkansas Department of Agriculture, Natural Resources Division)

Act 925 of 2025 tasked retail wastewater and sewer providers with additional responsibilities in managing and operating their systems, with some exceptions. These responsibilities include preparation of a rate study every 5 years. Rates determined from the study are required to be implemented within one year of the completion of the study, or two years if the recommended rates increase the provider's rates by fifty percent or more. Failure to complete a rate study or implement the required rate increases will result in a determination that the provider is in fiscal distress. Rate studies must be filed with the Arkansas Legislative Audit and the Arkansas Department of Agriculture's Natural Resources Division.

Under the legislation, all members of a provider's governing board must complete eight hours of training. The training must be completed within one year of becoming a board member. A member with 10 years or more service on the governing board is exempt from training. The Act provides that the NRD shall consult with an advisory training board for the development of the required training.

All rate studies performed by an approved rate study provider shall be an objective and unbiased review of the Provider's fiscal status. All submitted rate studies must include a certification by the approved rate study provider that the study complies with Act 925 of 2025 and the rules implementing the Act, as amended. The NRD may remove an approved rate study provider from its list of approved entities if it determines that an entity violated Arkansas law or Commission rules in performing a rate study.

Rate studies shall be based on the guidelines of the American Water Works Association and the Water Environment Federation.

#### **Data Collection and Analytical Review**

For the purpose of this Study, the City of Vilonia Sewer Department provided information for analysis in compliance with the requirements of Act 925. Civil Engineering Associates, LLC (CEA) is an approved Rate Study provider and has been retained to perform an analytical review of the Vilonia Sewer System for the purpose of ensuring compliance with the rules and regulations of Act 925. The conclusion of the review will result in a report that meets all requirements and is suitable for submission to the Arkansas Legislative Audit and NRD, including a recommended rate structure to be implemented.

#### Required Information to be Provided for Complete Rate Study

The following shall be incorporated into Rate Study Analysis for compliance with Act 925

- 1. Reports containing the following information for the current year and projections for the next five (5) years:
  - A. A comprehensive cost analysis, including:
    - i. Operations and maintenance (O&M) expenses;
    - ii. Financing expenses, including but not limited to, debt service payments, bond issuance costs, and commercial paper fees, if applicable;
    - iii. Any required cash reserves unavailable to pay for expenses, including but not limited to the annual refurbishment and replacement account deposit requirement as set out in Ark. Code Ann. § 14-234-802(e);
    - iv. Depreciation expenses;
    - v. Future capital expenses;
    - vi. Expenses required for an annual audit or agreed-upon procedures and compilation report;
    - vii. Expenses required for rate studies required under Ark. Code Ann. § 14-234-802; and
    - viii. Any other expenses not accounted for in paragraphs (i) through (vii).
  - B. A comprehensive revenue earnings analysis, including:
    - i. Available Cash balance;
    - ii. Non-rate revenue;
    - iii. Rate revenue without recommended increases;
    - iv. For the five projected years, recommended rate increases and the projected additional revenue derived therefrom;
    - v. Debt Service Coverage Ratios;
    - vi. The number of days that the available cash balance could cover O&M expenses without additional revenue;
    - vii. Annualized revenue requirement.
- 2. The provider's asset management plan, including:
  - A. An inventory of essential assets. For each essential asset, the provider shall provide the following information:

- i. Asset type;
  - a. Annual maintenance costs;
  - b. Year installed;
  - c. Vendor-specified useful life, if available;
  - d. Anticipated date of replacement;
  - e. Installation or replacement cost estimate; and
  - f. Projected consequence of failure.
- B. The provider's plan for replacement of essential assets.
- 3. An explanation of the provider's chosen rate design.
- 4. Recommendations for any changes to the provider's operations, including a plan on how the changes should be implemented.
- 5. Certification by the entity performing the rate study that such study complies with Ark. Code Ann. § 14-234-801 et. seq. and the Rules.

#### **Financial Sustainability**

Providers of public and private sewer systems are required to establish rate structures that consistently generate sufficient revenues to pay all debt service obligations, operate and maintain the system(s) within regulatory compliance, and maintain reserve accounts for repairs and replacements within the system(s). In order to maintain revenues in excess of expenses, Providers should periodically review their rates to ensure an adequate revenue stream that keeps up with the rising costs associated with operating and maintaining a system. Should a Provider not be proactive in keeping up with rising costs, they tend to defer maintenance obligations and deplete reserve accounts. Neither of these would be considered good management practices and could lead to a system being found as distressed and/or non-compliant with regulatory agencies.

Periodic evaluation of system costs should be evaluated to maintain financial sustainability. The primary indicator of financial sustainability is the Debt Service Coverage Ratio (DSCR). This ratio is the comparison of system expenses and revenues and is calculated by the total revenues less the total expenses of the system divided by the total existing and anticipated debt payments of the system. The rules developed by the NRD state that the minimum DSCR is 1.05, but the recommended minimum DSCR is between 1.10 & 1.25. However, higher ratios may be warranted depending on circumstances within the system. One indicator that warrants a higher DSCR ratio is the Median Affordability Ratio. This ratio is calculated using the customer cost of 4,000-gallons of sewer (or water, depending on the system being evaluated) and multiplying the cost by 12-months, then dividing by the Median Household Income of the system, then multiplying by 100 for a percentage. If this ratio is 1.25 (for entities with LMI > 51%) or 1.5 (for entities with LMI < 51%), or higher, this value indicates that rates are sufficiently high without causing undue financial hardship on rate payers. Systems that maintain a Median Affordability Ratio that meets the criteria can be deemed a disadvantaged community; therefore, potentially qualifying for grant funds for capital improvement projects from certain state/federal lenders.

#### **Comprehensive Cost Analysis**

CEA has completed a comprehensive cost analysis based on information provided by the Vilonia Sewer Department. For this analysis, financial data from year-end 2024 of the Vilonia Sewer Department was used for the required calculations to determine compliance with Act 925. The results of this analysis are as follows;

	Sew	er Department										
2024 Revenue & Expenses												
Revenues	2024 YTD (Dec-31)	2024 Budget	2024 Year End Total (Estimated)	Est (Over)/Under Budget								
Total Revenues:	\$ 898,446.47	\$ 978,250.00	\$ 898,446.47	\$ 79,803.53								
Expenses Sub-total Expenses:	\$ 801,329.93	\$ 764,050.00	\$ 801,329.93	\$ (37,279.93)								
Depreciation												
Sewer Depreciation	\$ 167,581.00	\$ 167,581.00	\$ 167,581.00	\$ -								
Sub-total Expenses:	\$ 167,581.00	\$ 167,581.00	\$ 167,581.00	\$ -								
Total Expenses:	\$ 968,910.93	\$ 931,631.00	\$ 968,910.93	\$ (37,279.93)								
Revenue less Expense:		Profit/(Loss):	\$ (70,464.46)	\$ 42,523.60								
Net Pro	\$ (27,940.86) \$ 97,116.54											

The review of financial information provided shows that the Vilonia Sewer Department will end FY-2024 with a surplus of funds due to conservative management of available funds. However, Operation and Maintenance of the sewer system is expected to dip into the "Red" during the study evaluation period due to proactive management of facilities and planning for future growth.

	Sewer Department											
Debt Service Coverage Ratio (DSCR)												
7-Yr Projection of Reven	7-Yr Projection of Revenue v. Expenses (Based on Current Rate Structure)											
Revenues	Revenues 2024 2025 2026 2027 2028 2029											
Total Revenues:	\$ 898,446.47	\$ 872,478.76	\$ 889,499.56	\$ 906,583.27	\$ 924,179.83	\$ 942,291.54	\$ 960,473.00					
Expenses	Expenses 2024 2025 2026 2027 2028 2029											
Total Expenses:	ses: \$ 801,329.93  \$ 826,490.36  \$ 988,053.36  \$ 1,033,337.59  \$ 1,104,306.51  \$ 1,238,982.96  \$						\$ 1,313,186.75					
DSCR (Current Rates):	1.51	1.24	0.50	0.35	0.08	-0.52	-0.80					

The above projections are based on an estimated slight yearly increase in population based on available information developed by the Institute for Economic Advancement, Arkansas Census State Data Center coupled with historical customer count data within the system. As can be seen,

the DSCR for sewer is below the minimum of 1.05 after 2025. Based on this calculation, if the system continues to operate in this manner, the system could be designated as fiscally distressed and be subjected to more stringent oversight by regulatory agencies.

For a full summary of the Financial Sustainability, see Appendix C for Sewer.

#### **Rate Structure**

The Vilonia Sewer Department uses a Single Block or Uniform Rate Structure and has established rates based on customer type. This type of rate structure is common throughout Arkansas and charges customers a flat rate for service availability coupled with a constant rate based on usage. The current rate structures are as follows;

City of Vilonia, AR									
Sewer Department									
Estimated Revenue	es Per Current Ra	te Structure							
Rate Structure (2024)									
Customer Type	Base Rate (1st 1000-Gal)	Uniform Rate (Over 1000-Gal)							
Residential	\$ 16.00	\$ 6.00							
Commercial	16.00	6.00							
School	16.00	6.00							
Well - 1	14.00	-							
Well - 2	23.00	-							

The rate structures shown above coincide with the tables from the Comprehensive Cost Analysis. Based on these rates, the Vilonia Sewer Department will operate in a net surplus in the sewer department over the evaluation period, but will not meet the required debt service coverage ratio. The primary causes of not meeting the requirements are due to continual rise in operating cost coupled with planned capital improvements.

#### **Financial Analysis**

The purpose of the financial analysis is to determine whether the Vilonia Sewer Department is properly positioned to sustain the sewer system under its control and determine whether required revenues meet the requirements of the system. This analysis must include consideration for revenues needed to adequately fund all aspects of the system, including but not limited to, principal and interest payments for existing debt, estimated operating expenses, funding reserves for equipment replacement, depreciation funds, and new debt associated with planned and/or emergency capital improvements. This need for sufficient revenue can be summarized as Asset Management and is a requirement to be in full compliance with Act 925.

Currently, the outstanding debt associated with the sewer system includes one (1) loan for the system. Payment schedules for all bonds are as follows;

#### <u>Debt Service Requirements</u>

Sewer Department								
Assets & Long-Term Liabilities								
Long-Term Liabilities								
Account Type	Annual	Est Payoff						
Account Type	Payment	Year						
2020 Revenue Bond	\$195,631.26	2050						
Total:	195,631.26							

The loan associated with the sewer system is current and it appears that all reserve requirements are being met.

#### Revenues v. Expenses

In order to estimate revenues and expenses through 2031, CEA utilized current budget information from the Sewer Department, average usage data per customer type, estimated population trends, and minimal non-rate revenue. All calculations disregarded existing cash-on-hand and strictly reviewed what it would take to sustain the system with the estimated revenue stream. Calculating in this manner is a conservative approach and allows for any cash reserves to be utilized according to their specified intent. The table below was produced as described and is based on the recommended rate structures for the water and sewer system.

	Sewer Department											
7-Yr Projection of	Revenue v. Expe	enses (Based on P	ropo	osed Rate Struc	ture	2)						
Revenues	2025	2026		2027 2028 2029 2030					2031			
Total Revenues:	\$ 872,478.28	\$ 1,010,451.35	\$	1,077,058.57	\$	1,148,455.08	\$	1,224,982.96	\$	1,306,378.67	\$	1,393,598.17
Expenses	2025	2026		2027		2028		2029		2030		2031
Total Expenses:	\$ 823,441.87	\$ 986,256.13	\$	1,029,446.25	\$	1,103,376.90	\$	1,184,232.83	\$	1,259,619.21	\$	1,350,746.63

Compliance with Act 925 requires minimum annual reserve deposits totaling 5% of gross system revenue. The above calculations account for these deposits. For a complete listing of the revenues and expenses, see Appendix C for Sewer.

#### Debt Service Coverage Ratio (DSCR)

As previously mentioned, the rules implementing Act 925 will require a minimum DSCR 1.05. Existing and proposed DSCR are shown in the table below through 2031.

Sewer Department									
Debt Service Coverage Ratio (DSCR)									
7-Yr Projection									
	2025	2026	2027	2028	2029	2030	2031		
DSCR (Current Rates):	1.24	0.50	0.35	0.08	-0.52	-0.80	-1.19		
DSCR (Proposed Rates):	1.25	1.13	1.25	1.23	1.21	1.24	1.22		

The target DSCR should be between 1.10 and 1.25, but lower percentages can be warranted.

#### Median Affordability

When evaluating the financial sustainability of a sewer system, careful consideration of rate payer affordability is vital. Affordability ratios are based on the cost of 4000-gallons of usage and the median household income for the area served by the Provider. Below is a table showing the estimated current and proposed affordability ratio through 2031.

Sewer Department										
Median Affordability										
	Median Affordability as a Percentage of MHI (Current Rate Structure & Yearly Increase)									
	Current MHI % 2025 MHI % 2026 MHI % 2027 MHI % 2028 MHI % 2029 MHI % 2030 MHI % 2031 MHI %									
Residential	0.53	0.53	0.61	0.64	0.67	0.71	0.74	0.78		

The target median affordability ratio for communities with a low-moderate income (LMI) percentage of 51% or greater is 1.25, and 1.5 for communities with a low-moderate income percentage less than 51%. Communities that implement rates that increase the median affordability ratio to the specified percentages can be classified as disadvantaged, meaning the rates charged for 4000-gallons of usage have increased to a point in which they could be considered a hardship on rate payers. Only residential rates are used in this calculation. Typically, if a community is classified as disadvantaged, additional grant funding may be made available for certain capital improvement projects. For a detailed summary of how median affordability ratio is calculated, see Appendix C for Sewer.

#### **Conclusions and Recommendations**

<u>Debt Service</u>: The Vilonia Sewer Department maintains one (1) outstanding bond issue for the sewer system. In order to maintain an adequate debt service coverage ratio, the sewer system will need to increase their revenues through a rate increase. It is recommended that the department adopt the rate structure proposed in **Appendix C (Pgs. 10-12).** Adopting the recommended rates for the sewer system is expected to maintain a DSCR that is compliant with the requirements of Act 925 of 2025.

<u>Operating/Depreciation Reserve</u>: The Vilonia Sewer Department has maintained reserves for the sewer system. It is recommended that 5% of gross revenues from the sewer system continue to be deposited into an unrestricted account for the purpose of replacement and refurbishment of

infrastructure related to the system. This recommendation will comply with the minimum requirements of Act 925, specific to reserve fund requirements.

<u>Capital Improvement Plan</u>: The Vilonia Sewer Department has developed a capital improvement plan that addresses the major components of the sewer system. It is recommended that this plan be reviewed on an annual basis and updated as needed.

<u>Budget & Rate Reviews</u>: The Vilonia Sewer Department has implemented a process to review rates based on required revenues and expenses. Development of a comprehensive Rate Study for compliance with Act 925 is an additional check to ensure that the rate structures being implemented for the water and sewer system are sufficient to maintain the required debt service coverage ratio. It is recommended that the incrementally increasing rate structure proposed in **Appendix C (Pgs. 10-12)** be adopted by the City Council, and be reviewed every five (5) years, at a minimum, to remain compliant with Act 925. Any future reviews of rate structures should be mindful of maintaining a DSCR above the required minimums.

<u>Affordability</u>: It is recommended that the Vilonia Sewer Department strive to adopt rate structures that generate the necessary revenue to properly operate and maintain the sewer system while being mindful of implementing rates that are excessive and create undue hardships on rate payers. A good measure of affordability is to maintain a median affordability ratio as a percentage of median household income at 1.5 and this ratio should be based on residential rates.

<u>Water & Sewer Rates</u>: The Vilonia Sewer Department is expected to be non-compliant with the minimum DSCR of 1.05 specified in Act 925 should the existing rate structures for the sewer system remain in place. This non-compliance may result in the Vilonia Sewer Department being designated as fiscally distressed and result in more stringent regulatory oversight, including but not limited to, fines and penalties imposed by the State of Arkansas. It is recommended that the City Council of Vilonia, Arkansas pass a rate ordinance adopting the proposed rate structures included with this report. **See Appendix C (Pgs. 10-12).** 

<u>Asset Management Plan</u>: The Vilonia Sewer Department has developed an Asset Management Plan in accordance with the requirements of Act 925. It is recommended that this plan be reviewed on an annual basis. A copy of the current plan is included in **Appendix D**.

#### **RATE STUDY CERTIFICATION**

Civil Engineering Associates, LLC is a duly authorized Rate Study Provider and is listed as such on the approved provider list published by the Arkansas Department of Agriculture, Natural Resources Division. The undersigned representative of Civil Engineering Associates, LLC hereby certifies the following;

- 1. The Rate Study provided herein was provided at the request of the City of Vilonia, AR, Sewer Department and has been completed in an objective and unbiased manner of the Provider's fiscal status.
- 2. The Rate Study provided herein was completed in compliance with Act 925 of 2025, otherwise codified as Ark. Code Annotated §14-239-101 and the implementing rules adopted by the Arkansas Natural Resources Commission.

Member/Principal

Civil Engineering Associates, LLC

# APPENDIX A ACT 925 OF 2025

### Stricken language would be deleted from and underlined language would be added to present law. Act 925 of the Regular Session

1	State of Arkansas As Engrossed: H3/20/25 S4/7/25
2	95th General Assembly A Bill
3	Regular Session, 2025 HOUSE BILL 1701
4	
5	By: Representatives Gonzales, L. Johnson
6	By: Senator G. Stubblefield
7	
8	For An Act To Be Entitled
9	AN ACT TO AMEND THE LAW CONCERNING SEWER COLLECTION
10	AND SEWER TREATMENT PROVIDERS AND RELATED SERVICES;
11	AND FOR OTHER PURPOSES.
12	
13	
14	Subtitle
15	TO AMEND THE LAW CONCERNING SEWER
16	COLLECTION AND SEWER TREATMENT PROVIDERS
17	AND RELATED SERVICES.
18	
19	BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF ARKANSAS:
20	
21	SECTION 1. Arkansas Code Title 14, Chapter 239, is amended to add an
22	additional subchapter to read as follows:
23	<u>Subchapter 1 — Oversight of Wastewater and Sewer Retail Providers</u>
24	
25	14-239-101. Legislative findings.
26	The General Assembly finds that:
27	(1) Oversight of providers in the state is primarily handled by
28	the Arkansas Natural Resources Commission and the Division of Environmental
29	Quality;
30	(2) Wastewater and sewer systems need to have rates that support
31	capital improvement needs; and
32	(3) It is necessary to improve the operations and
33	infrastructures of wastewater and sewer systems in the state similar to the
34	reform of retail water providers by Acts 2021, No. 605.
35	
36	14-239-102. Definitions.

1	As used in this subchapter:
2	(1) "Provider" means any public or private provider of a sewage
3	collection service or sewage treatment service; and
4	(2) "Provider's board" means the governing body of a provider,
5	whether the governing body is organized as a board, commission, committee,
6	council, or other type of entity.
7	
8	14-239-103. Fiscal distress — Improvement plans — Rates and rate
9	<pre>studies — Definition.</pre>
10	(a)(1) For the purposes of this section, a provider is in fiscal
11	distress if the provider:
12	(A) Fails to obtain a rate study as required under this
13	section;
14	(B) Fails to implement a completed rate study required
15	under this section; or
16	(C) Has been found by the Arkansas Natural Resources
17	Commission to be in significant noncompliance with rules of the commission
18	because of inadequate funds for operation and maintenance or inadequate
19	compliance with rules of the commission.
20	(2) A provider may be found by the commission to be subject to
21	this section if a member of the provider's board does not receive the
22	training required under § 14-239-105.
23	(b) The commission shall maintain and publish on the commission's
24	website a list of providers in fiscal distress.
25	(c)(l) A provider shall obtain a rate study on the following schedule:
26	(A) By July 1, 2028, and every five (5) years thereafter
27	for a provider that serves five hundred (500) or fewer customers;
28	(B) By July 1, 2029, and every five (5) years thereafter
29	for a provider that serves not less than five hundred one (501) and not more
30	than one thousand (1,000) customers; and
31	(C) By July 1, 2030, and every five (5) years thereafter
32	for a provider that serves more than one thousand (1,000) customers.
33	(2)(A) Rates and other revenue dedicated to the support of the
34	provider's wastewater and sewer systems shall adequately address costs for:
35	(i) Operation and maintenance;
36	(ii) Debt service;

1	(iii) Required reserves;
2	(iv) Depreciation;
3	(v) Future capital expenses;
4	(vi) Preparation and publication of an annual
5	financial report as currently required by law; and
6	(vii) Other expenses as necessary.
7	(B)(i) The rates recommended in the rate study that is
8	obtained and chosen by the provider shall be implemented by the provider in
9	the manner provided under the applicable law for modifying rates.
10	(ii) Except as provided in subdivision
11	(c)(2)(B)(iii) and $(c)(2)(B)(iv)$ of this section, an increase in rates
12	recommended in the rate study shall be implemented within one (1) year of the
13	receipt of the rate study.
14	(iii) Except as provided in subdivision
15	(c)(2)(B)(iv) of this section, if recommended rates increase the provider's
16	rates by fifty percent (50%) or more from the fiscal year before the rate
17	study was completed, the provider may phase in the rate increase over a two-
18	year period.
19	(iv) If, through the rate study, it is recommended
20	that a series of rate increases be implemented over a period of time that
21	exceeds the periods of time required in subdivisions (c)(2)(B)(ii) and
22	(c)(2)(B)(iii) of this section, the provider may implement the series of rate
23	increases without regard to the limitations of subdivisions (c)(2)(B)(ii) and
24	(c)(2)(B)(iii) of this section, provided that the series of rate increases
25	conform with the recommendations of the rate study.
26	(d)(1) The commission shall determine by rule the requirements of the
27	rate study, including without limitation a review of the provider's
28	refurbishment and replacement account and asset management plan.
29	(2)(A) The rate study shall use as its basis the guidelines of
30	the American Water Works Association and the Water Environment Federation.
31	(B) The commission shall determine by rule an appropriate
32	entity to provide guidelines for the rate study to use as its basis if
33	guidelines of the American Water Works Association and the Water Environment
34	Federation are unavailable.
35	(e)(1) A provider shall deposit a minimum of five percent (5%) per
36	annum of gross revenues in a dedicated refurbishment and replacement account.

1	(2) The provider may spend any amount of the provider's cash
2	savings referenced in subdivision (e)(1) of this section at any time for
3	refurbishment and replacement of the provider's wastewater system facilities
4	and other real property.
5	(3) If a different amount to be deposited per annum is
6	determined by a rate study, then the amount determined by the rate study
7	shall be deposited into a dedicated refurbishment and replacement account.
8	(f)(1) The commission shall maintain an approved list of entities to
9	conduct rate studies required by this section, including without limitation
10	the Arkansas Rural Water Association, professional engineers, certified
11	public accountants, economists, and actuaries.
12	(2) If a provider chooses an entity to conduct the rate study
13	that is not on the approved list of entities, the entity shall have conducted
14	at least one (1) rate study in the state in the previous five-year period.
15	(g)(1) To ensure fiscal soundness, the commission shall consider and
16	approve a new provider with fewer than three hundred (300) customers within
17	the proposed service area only if:
18	(A) The commission determines that public health or the
19	environment is threatened without the approval of the new provider; or
20	(B) There is no other viable alternative.
21	(2) A new provider with fewer than three hundred (300) customers
22	seeking approval shall:
23	(A) Be organized through a political subdivision,
24	including without limitation an improvement district, a county, or a
25	municipality;
26	(B) Demonstrate the ability to remain fiscally
27	sustainable; and
28	(C) Complete a technical, financial, and managerial
29	capacity review conducted by the commission.
30	(h) A provider shall file its most recent rate study annually with
31	Arkansas Legislative Audit at the same time the provider files its audit
32	report or agreed-upon procedures and compilation report as required under §
33	<u>14-234-120.</u>
34	(i)(1) The commission shall annually identify and notify a provider if
35	the provider is in fiscal distress.
36	(2) The provider may appeal the finding to Pulaski County

1	<u>Circuit Court.</u>
2	(j)(l) A provider found to be in fiscal distress shall file an
3	improvement plan with the Division of Environmental Quality and the
4	commission, including without limitation specific action to be taken to
5	correct financial, technical, and managerial deficiencies, within ninety (90)
6	days of the finding of fiscal distress.
7	(2)(A) Upon receipt of an improvement plan under this
8	subsection, the division and the commission shall review the improvement plan
9	and:
10	(i) Approve the improvement plan in whole or in
11	<pre>part;</pre>
12	(ii) Modify the improvement plan; or
13	(iii) Deny the improvement plan.
14	(B) At the time the commission determines that the
15	provider is no longer in fiscal distress, the commission shall remove the
16	fiscal distress designation and notify the provider.
17	(k) If a provider is found to be in fiscal distress, the provider
18	shall not receive state financial assistance for sewage collection or sewage
19	treatment operations until an improvement plan that has been approved by the
20	commission is in place, unless the financial assistance is immediately
21	necessary to ensure preservation of the public peace, health, and safety, as
22	determined by the commission.
23	(1) If the provider is found to be in fiscal distress, the provider
24	shall obtain written authorization from the commission to:
25	(1) Incur additional debt;
26	(2) Accept assistance for the refurbishment or replacement of
27	facilities or construction of facilities not within the provider's
28	improvement plan; or
29	(3) Transfer assets to another entity.
30	14-239-104. Workforce recruitment and retention — Education.
31	A provider shall:
32	(1) Work with the Association of Arkansas Counties and the
33	Arkansas Municipal League to develop training for leaders of the county or
34	municipality that the provider serves;  (2) Provide suitable companyation and incentives to encourage
35 36	(2) Provide suitable compensation and incentives to encourage
20	individuals to consider a career with the provider; and

1	(3) Promote the recruitment, education, and licensing of
2	employees of the provider.
3	
4	14-239-105. Training.
5	(a)(l)(A) Within one (l) year of election or appointment, a majority
6	of the members of a provider's board shall receive a minimum of eight (8)
7	hours of provider training as promulgated by rule of the Arkansas Natural
8	Resources Commission.
9	(B) A member of a provider's board as of January 1, 2025,
10	shall receive the training required under this section by December 31, 2026.
11	(2) If a majority of the members of a provider's board do not
12	receive the training required under this section, the commission may find the
13	provider is subject to § 14-239-103.
14	(3) This section does not apply to a member of a provider's
15	board who has served on the provider's board for ten (10) years or more.
16	(b) The commission shall consult with an advisory training board for
17	the development of the training required under this section, whose members
18	shall include without limitation:
19	(1) The Secretary of the Department of Health or his or her
20	<pre>designee;</pre>
21	(2) The Director of the Division of Environmental Quality or his
22	or her designee;
23	(3) The State Director of the United States Department of
24	Agriculture Rural Development in Arkansas or his or her designee;
25	(4) The Chief Executive Officer of the Arkansas Rural Water
26	Association or his or her designee;
27	(5) The Executive Director of the Association of Arkansas
28	Counties or his or her designee;
29	(6) The President of the Arkansas Municipal League or his or her
30	<pre>designee;</pre>
31	(7) The Chair of the Board of Directors of Communities
32	Unlimited, Inc., or his or her designee;
33	(8) The Chair of the Arkansas Water Works and Water Environment
34	Association, Inc., or his or her designee;
35	(9) The Director of the Arkansas Environmental Training Academy
36	or his or her designee;

1	(10) The Chair of the House Committee on City, County, and Local
2	Affairs;
3	(11) The Vice Chair of the House Committee on City, County, and
4	Local Affairs;
5	(12) The Chair of the Senate Committee on City, County, and
6	Local Affairs;
7	(13) The Vice Chair of the Senate Committee on City, County, and
8	Local Affairs; and
9	(14) The President of the Arkansas Water and Wastewater Managers
10	Association, Inc.
11	
12	14-239-106. Applicability.
13	This subchapter does not apply to:
14	(1) A wastewater system regulated by the Arkansas Public Service
15	Commission as a public utility under § 23-1-101 et seq.;
16	(2) A municipal utility system owned or operated by a
17	municipality that provides electric service to retail customers in addition
18	to wastewater service, including without limitation an electric system:
19	(A) Managed or operated by a nonprofit corporation under §
20	<u>14-199-701 et seq.; or</u>
21	(B) Owned or operated by a municipality or by a
22	consolidated utility district under the General Consolidated Public Utility
23	System Improvement District Law, § 14-217-101 et seq.;
24	(3) A privately owned provider that supplies the majority of its
25	wastewater service to nonresidential customers;
26	(4) A wastewater system operated jointly between two (2)
27	municipalities in which each municipality is located in a different state;
28	(5) A provider during the time that the provider is subject to a
29	federal court decree or judgment for remediation efforts related to the
30	provider's water system or wastewater system, or both, for the purpose of
31	compliance with federal law; or
32	(6) An individual homeowner.
33	
34	<u>14-239-107.</u> Rules.
35	The Arkansas Natural Resources Commission shall promulgate rules to
36	implement this subchapter.

1	
2	SECTION 2. TEMPORARY LANGUAGE. DO NOT CODIFY. Rules.
3	(a) When adopting the initial rules to implement this act, the
4	Arkansas Natural Resources Commission shall file the final rules with the
5	Secretary of State for adoption under § 25-15-204(f):
6	(1) On or before January 1, 2026; or
7	(2) If approval under § 10-3-309 has not occurred by January 1,
8	2026, as soon as practicable after approval under § 10-3-309.
9	(b) The commission shall file the proposed rules with the Legislative
10	Council under § 10-3-309(c) sufficiently in advance of January 1, 2026, so
11	that the Legislative Council may consider the rules for approval before
12	January 1, 2026.

# APPENDIX B RULES IMPLEMENTING ACT 605

#### Rules Implementing Act 605 of 2021

#### I. Purpose

- 1. The purpose of these rules is to:
  - a. Implement Ark. Code Ann. § 14-234-801 et. seq.;
  - b. Provide oversight of retail water providers to promote efficiency in service and stability in fiscal management;
  - c. Provide training and education to governing bodies of retail water providers; and
  - d. Provide training of local, state, and federal leaders on the issues surrounding provider personnel, finances, compliance, and environmental factors.
- 2. The rules shall be read in conjunction with Ark. Code Ann. § 14-234-801 et. seq.

#### II. Definitions

The following definitions are supplemental to the definitions in Ark. Code Ann. § 14-234-801 et. seq.:

- 1. "Annualized Revenue Requirement" means the projected revenue if the recommended increase, as well as all previous recommended increases, is in effect for the full 12-month period.
- 2. "Commission" means the Arkansas Natural Resources Commission.
- 3. "Debt Service Coverage Ratio" ("DSCR") means Net Operating Income divided by Total Debt Service.
- 4. "Department" means the Arkansas Department of Agriculture, including the Natural Resources Division thereof.
- 5. "Future Capital Expenses" means the design and construction of new and replacement infrastructure, including any associated labor and fees.
- 6. "Major Development Project" means a project that exceeds twenty percent (20%) of gross revenues of the provider for the immediately preceding fiscal year.
- 7. "Non-operating Revenue" means revenue derived from sources other than water use charges.
- 8. "Net Operating Income" means earnings before interest, tax, depreciation, and amortization (EBITDA) less capital expenditures.
- 9. "Provider board" as used herein shall have the definition provided in Ark. Code Ann. § 14-234-801(b)(3).
- 10. "System" means:
  - a. For a provider that provides water service only, the provider's water system.
  - b. For a provider that provides water service and sewer service, but where the water system and the sewer system are not operated as a joint and integrated undertaking (i.e., when a separate audit is prepared for water and for sewer), the provider's water system.

- c. For a provider that provides water service and sewer service, and the water facilities are operated as a joint and integrated undertaking (i.e., when water and sewer are combined in a single audit), the provider's joint and integrated water and sewer system.
- 11. "Total Debt Service" means current debt obligations, including but not limited to any interest, principal, sinking fund, and lease payments due in a given year.

#### III. Refurbishment and Replacement Account

- 1. Refurbishment and Replacement accounts, as required under Ark. Code Ann. § 14-234-802(e), shall only be used to make repairs or to replace water system System appurtenances.
- 2. Providers may designate existing depreciation or replacement accounts as the Refurbishment and Replacement Account required by Ark. Code Ann. § 14-234-802(e), so long as the amount deposited therein complies with the provisions of Ark. Code Ann. § 14-234-802(e).
- 3. The calculation of the amount required to be deposited into a Refurbishment and Replacement Account pursuant to these Rules and Ark. Code Ann. § 14-234-802(e) shall be based on the gross operating revenues of a System.
- 4. The funds shall not be used for routine repairs. Expenditures of \$1,000 or less shall be considered routine repairs.
- 5. Utilization of funds from the Refurbishment and Replacement account must be approved by the Provider Board prior to its use.

#### IV. Rate Studies for Retail Water Providers

- 1. Retail water providers shall obtain rate studies pursuant to the requirements in Ark. Code Ann. § 14-234-802.
- 2. A provider that plans to undertake a major development project, as defined above and in Ark. Code Ann. § 14-234-802(h)(2), shall obtain a rate study or amend the provider's existing rate study before beginning the major development project to include consideration of the financial impact of the major development project on the fiscal sustainability of the provider.
- 3. Rate studies shall be based on the guidelines of the American Water Works Association and the Water Environment Federation.
  - a. The rate studies shall include:
    - i. Reports containing the following information for the current year and projections for the next five years:
      - 1. A comprehensive cost analysis, including:
        - a. Operations and maintenance (O&M) expenses;
        - b. Financing expenses, including but not limited to debt service payments, bond issuance costs, and commercial paper fees, if applicable;
        - c. Any required cash reserves unavailable to pay for expenses, including but not limited to the annual refurbishment and replacement account deposit requirement as set out in Ark. Code Ann. § 14-234-802(e);
        - d. Depreciation expenses;
        - e. Future capital expenses;
        - f. Expenses required for an annual audit or agreed-upon procedures and compilation report;

- g. Expenses required for rate studies required under Ark. Code Ann. § 14-234-802; and
- h. Any other expenses not accounted for in paragraphs (a) through (g).
- 2. A comprehensive revenue earnings analysis, including:
  - a. Available Cash balance;
  - b. Non-rate revenue;
  - c. Rate revenue without recommended increases;
- 3. For the five projected years, recommended rate increases and the projected additional revenue derived therefrom;
- 4. Debt Service Coverage Ratios;
- 5. The number of days that the available cash balance could cover O&M expenses without additional revenue;
- 6. Annualized revenue requirement.
- ii. The provider's asset management plan, including:
  - 1. inventory of essential assets and for each essential asset, without limitation, the following information:
    - a. Asset type;
    - b. Annual maintenance costs;
    - c. Year installed;
    - d. Vendor-specified useful life, if available;
    - e. Anticipated date of replacement;
    - f. Installation or replacement cost estimate; and
    - g. Projected consequence of failure.
  - 2. The provider's plan for replacement of essential assets.
- iii. Proposed changes in rates should be based on achieving and maintaining a Debt Service Coverage Ratio of 1.1 or higher.
- iv. An explanation of the provider's chosen rate design; and
- v. Recommendations for any changes to the provider's operations, including a plan on how the changes should be implemented.
- vi. Certification by the entity performing the rate study that such study complies with Ark. Code Ann. § 14-234-801 et. seq. and these Rules.
- b. Rate studies shall be provided to the Department at the time it is provided to Arkansas Legislative Audit under Ark. Code Ann. § 14-234-802(i).
- c. The Commission may request further information necessary to determine a provider's fiscal status, and providers shall cooperate with the Commission's requests.
- d. The Commission may waive any one or more requirement in Section IV(3)(a), above, upon written request.
- 4. Rate studies for providers that operate a joint and integrated water and sewer system shall analyze the total System.
- 5. Rate studies performed shall be an objective and unbiased review of the provider's fiscal status.
- 6. The Commission will maintain a list of approved entities to conduct rate studies as required under Ark. Code Ann. § 14-234-802(f)(1). The Commission may remove an approved entity from its list of approved entities if it determines that an entity violated Arkansas law or Commission rules in performing a rate study.

#### V. Determinations of Fiscal Distress

- 1. A Provider will be in Fiscal Distress if the Provider:
  - a. Fails to obtain a rate study as required;
  - b. Fails to implement the rates contained in the completed rate study required within one (1) or two (2) years as provided under ACA 14-234-802(c)(2)(B)(ii)-(iii); or
  - c. Fails to maintain a Debt Service Coverage Ratio of 1.05 or higher.
- 2. A Provider may be determined to be in fiscal distress if the Provider:
  - a. Does not comply with the training required by Ark. Code Ann. § 14-234-805 and Section VII, below;
  - b. Fails to file with Arkansas Legislative Audit an audit report or agreed-upon procedures and compilation report required by Ark. Code Ann. § 14-234-120;
  - c. Fails to maintain unincumbered cash or cash equivalents in an amount equal to onetwelfth of the total expenses from the most recent fiscal year;
  - d. Fails to adopt budget before the beginning of a new fiscal year providing for sufficient revenues to meet or exceed anticipated expenses during that fiscal year;
  - e. Fails to make all required payments due to the United States Treasury Internal Revenue Service, Arkansas Department of Finance and Admission, or Arkansas Department of Health;
  - f. Fails to make any bond, loan, or lease payment; or
  - g. Fails to comply with an administrative order of the US Environmental Protection Agency, Arkansas Department of Health or Arkansas Division of Environmental Quality concerning operation and maintenance of the system.
- 3. Providers determined to be in fiscal distress shall submit to the Department an improvement plan as required in Ark. Code Ann. § 14-234-802(k) detailing in writing the provider's plan to resolve the violation or violations of rule or law or the provider's plan to resolve its fiscal insufficiency that caused it to be considered in fiscal distress.
- 4. A provider will be determined by the Commission to no longer be in fiscal distress if:
  - The provider resolves the violation of rule or law that caused it to be considered in fiscal distress and obtains written verification from the Commission that the violation has been resolved; or
  - b. The provider implements a change of rates that is shown by the study to resolve the provider's fiscal insufficiency.

#### VI. Miscellaneous

- 1. A provider seeking approval from the Commission under Ark. Code Ann. § 14-234-802(g) shall demonstrate its fiscal sustainability by submitting to the Commission a business plan demonstrating its technical, financial, and managerial capacity.
- 2. Pursuant to provisions relating to Commission intervention under the conditions provided for in Ark. Code Ann. § 14-234-804(d), upon request of a municipal provider or a customer or unserved customer of a municipal provider, the Department will assist in the resolution of the issue or issues if the party or parties involved demonstrate that all parties involved made a good faith effort to resolve the issue or issues.

- a. Such intervention may include without limitation negotiation or mediation with the party or parties involved.
- b. If the Department determines that a party is not acting in good faith, the Department may end its intervention.

#### VII. Training

- 1. The Advisory Training Board created under Ark. Code Ann. § 14-234-805 shall develop the training protocol for provider board members, including training protocol for rate studies performed under the guidelines of the American Water Works Association and the Water Environment Federation.
- 2. By December 31, 2022, a majority of the members of provider boards shall receive a minimum of eight hours of provider training.
- 3. If a change in membership of a provider board causes the provider board to have less than a majority of members who have undergone provider training, enough members of the provider board shall receive provider training within one year of the change in membership such that a majority of the board has received training.
- 4. Each provider board shall report the following information annually, by January 31, to the Department:
  - a. the names and contact information of each member on the provider board;
  - b. an identification of which members have obtained eight hours of provider training; and
  - c. an identification of which members have served on the board for more than ten (10) years and are exempt from the training requirement pursuant to Ark. Code Ann. § 14-234-805(a)(3).
